Regional Development Australia Mid North Coast is calling for Board Member applications

October 2023

Are you looking for a way to contribute to your region? Regional Development Australia Mid North Coast (RDAMNC) is seeking committed leaders to apply to join to fill vacancies on their Board.

RDAMNC is seeking regional leaders with vision, drive and business, government or community experience who can help to facilitate economic development opportunities and investment for our regional communities and create jobs and growth.

Applications are being sought from business and community leaders who have a proven track record of achieving meaningful outcomes in a complex environment.

“Regional Australia is poised for a period of growth and renewal following natural disasters and the pandemic, with Government rightly focussing on our regions, making this a wonderful time to be involved in an organisation like Regional Development Australia as it seeks to help shape the future prosperity of regional Australia,” said Kieren Dell, Chair of RDAMNC.

Appointed to the position of Chair of the organisation in January 2021, Kieren has extensive experience in business, including 21 years founding and running his own business, Majestic Cinemas, which was founded in Nambucca Heads in 2002, has operated in Port Macquarie since 2006 and has 7 other sites. Kieren also has almost 40 years’ experience in financial services at senior and CEO level, including running 2 industry bodies.

“I look forward to a range of leaders across business and the community and across the entire breadth of the Mid North Coast putting forth their names to join the Board and volunteer their expertise and time to assist RDA, and in so doing advance the economic development of the region and, most importantly, enhance the lives of the people of this amazing place we live in,” he said

The Boards of the national RDA network are made up of local volunteers giving their time and energy to develop local solutions to local issues. They work with industry, communities, and all levels of government to improve liveability in their designated regions.

RDAMNC is part of a national network of 50 Regional Development Australia committees across Australia and has a charter to drive innovation, growth, and development in the Mid North Coast Region through the facilitation of regional projects, collaboration, communication, and advocacy.

Applications are now open – applicants can apply for a position as an RDAMNC Board member, with appointments being for an initial 12 month term.
